

Cool Kiss

Scott Weiland

Cool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill kill
Piss piss
Keep yourself up off my hips

Sinking down, just like a tanker
So keep your hands up off of my pleasure
You're not killing me
You're not givin' me nothing
You're not killing me

Cool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill kill
Piss piss
Keep yourself up off my hips

It's everything I am
It's everything I thought I was
It's everything I am
It's everthing I'm not

Kill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill me

It's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm not
