```
Cool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill kill
Piss piss
Keep yourself up off my hips
Sinking down, just like a tanker
So keep your hands up off of my pleasure
You're not killing me
You're not givin' me nothing
You're not killing me
Cool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill kill
Piss piss
Keep yourself up off my hips
It's everything I am
It's everything I thought I was
It's everything I am
It's everthing I'm not
Kill me, thrill me, kill me
It's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm not
