

I never wanted to forget
That night we had. Dinner,
dancing, drinks and then
Back to my pad. Bang,
Bang, bang - who's the
Man? You were a naughty
Girl, the best I've ever had.

'Take off your clothes, take
Off your clothes' that's
What she said. ' Take off
Your clothes, take off your
Clothes and came to bed.
' I've got my needs, and I
Don't need sleep.' Take off
Your clothes, take off your
Clothes and came to bed.'

It used to be just me,
But that's how one and
One makes three.

Three months later on the
Phone I've got your dad.
He's nat a happy man, no
He was flipping man. He's
Got the hump - you got the
Bump. Now I got you and
You got everything I had.
