Scouting for Girls

Babada babada  
Babadadaba  
Babada babada

When a frown is the best you can do  
When you're down (when you're down)  
When you're down in a bad place  
You with the sad face  
When you're stuck (when you're stuck)  
When you're falling apart  
In a rut (in a rut)  
Yeah, you're stuck with excuses  
Oh baby, I'm useless  
Don't you make me frown  
Boys will be boys  
Girls will be girls  
It's a mixed up  
Melted up  
Messed up world  
Are you taking the mick  
'cause ain't life a bitch sometimes?  
You gotta keep smiling  
Through the thunder and lightning  
You gotta keep trying  
Don't cry before you're hurt  
You gotta smiling  
Through the thunder and lightning  
You gotta keep fighting  
'cause things can't get much worse  
You take a break (take a break)  
Take a day to relax  
Get away (get away)  
Get away to the sunshine  
Throw me a lifeline  
When life is hard (life is hard)  
When life is just unfair  
We'll have a laugh (have a laugh)  
Have a laugh at the rat race  
We'll make a new place  
Don't you make me frown  
Boys will be boys  
Girls will be girls  
It's a mixed up  
Melted up  
Messed up world  
Are you taking the mick

Through the thunder and lightning  
You gotta keep trying  
Don't cry before you're hurt

Through the thunder and lightning  
You gotta keep trying  
'cause things can, things can get much worse  
things can't get much worse
