

Take A Chance

Scouting for Girls

Take a chance before it's gone,
Throw me a rope or string me along.
I'm nothing without you. This man is nothing without you.

I know it's been a difficult year,
It's been all I can do just to keep you near.
I want you to know,
You're the star of my show.

I'll sing these songs about you. It wouldn't be the same without you.
I know you try to hide; I know you try to act tough.
Take a chance on us

Take a chance on us, put your arm round love, and let it pull you up, tonight.
Take a chance on us, I won't give us up, take a chance on us tonight

I always thought that we could make it through,
If you gave me the chance I always knew.
I don't care what they say,
You were mine all the way.

And though it seems like it's pouring again,
You don't get flowers without no rain.
Look what we've done -
Look how far we have come.

I'll sing these songs about you. It wouldn't be the same without you.
I know you try to hide; I know you try to act tough.
But Take a chance on us
Take a chance on us.
Throw your arm round and let it pull you up tonight.

Take a chance on us
But I won't give us up
Take a chance on us tonight

Take a chance on us.
Throw your arm round and let it pull you up tonight.

I know that times are tough.
I know we ain't got much.
But I can't give us up, tonight.

Take a chance on us.
Throw your arm round and let it pull you up tonight.
Take a chance on us.
I know we ain't got much.
But I won't give us up, tonight.

Take a chance on us.
Throw your arm round and let it pull you up tonight.

Roll the dice.
