

A No Money Down

Scream

No money down

Blue about the green

I got none seen

A no money down

Know in time there's a rainbow to find

A no money down

Money makes the world go down

Empty pockets to fill

What about that bill?

A no money down

Know in time there's a rainbow to find

A no money down

No money down (2x)

I'm up and down

Got no money, no money down
