

## Hygiene

## Scream

Hey, there goes the girl  
Whose hair looks like it's always slept on  
Miss designer jeans, there come on

You know the type, the type of girl  
That makes you feel right at home  
And a phone and at home  
Although you know she has never known

Talk about hi gene  
Hygiene (3x)

No!  
Invalid entry  
She's all the life  
Everybody's party

You hear all the talk  
The stories that everyone just denies  
But then why do they turn their heads?  
When she walks on by?

Talk about hi gene  
Hygiene (3x)

Talk about hi gene  
Hygiene  
She makes the world go 'round and 'round  
She makes the world go up and down  
Hygiene
