

## Anita Grey

### Screaming Trees

Lives in the dimming of your eyes  
Comes from a thousand years behind  
Born on the wrong side of life  
Pieces of her in your mind

Live forever after  
With Anita Grey on Saturday  
Don't you want something to say  
Anita Grey takes you away today

Cry while the best of her goes by  
Shines like the echo of the sigh  
Pieces of her in your mind  
Born on the wrong side of life

Live forever after  
With Anita Grey on Saturday  
Don't you want something to say  
Anita Grey takes you away, away

Lives in the dimming of your eyes  
Comes from a thousand years behind  
Born on the wrong side of life  
Pieces of her in your mind

Live forever after  
With Anita Grey on Saturday  
Don't you want something to say  
Anita Grey takes you away

Anita Grey on Saturday  
Don't you want something to say  
Anita Grey takes you away, away
