Ash Gray Sunday

Screaming Trees

I don't want to know I just want to be Up inside the life Held in front of me Never felt so empty inside I can't find the tears to cry

Ash grey Sunday with you Ash grey Sunday with you

I want to live where I've never been In case I try to hide Think you'll understand I can't find the tears to cry Nowhere now, empty inside

Ash grey Sunday with you Ash grey Sunday with you

I don't want to know I just want to be Up inside the life Held in front of me Never felt so empty inside I can't find the tears to cry

Ash grey Sunday with you Sunday with you With You With You With You
