

Low Life

Screaming Trees

Seal my fate, it's a simple game, it still has it's uses
Cannot escape, torn and frayed
have the keys to lose it

Low life, it's a low life
Low life, I've been down
and I've had quite a time

Plan to kick, makes me sick
I take no more chances
crooked smile, all the while
a little misunderstanding

Low life, it's a low life
Low life, I've been down
and I've had quite a time

...straight, hours late
no death can refuse me
I'm wide awake, make no mistake
....???

Low life, it's a low life
Low life, I've been down
and I've had quite a time
