Low Life

Screaming Trees

Seal my fate, it's a simple game, it still has it's uses Cannot escape, torn and frayed have the keys to lose it

Low life, it's a low life Low life, I've been down and I've had quite a time

Plan to kick, makes me sick I take no more chances crooked smile, all the while a little misunderstanding

Low life, it's a low life Low life, I've been down and I've had quite a time

...straight, hours late
no death can refuse me
I'm wide awake, make no mistake
....???

Low life, it's a low life Low life, I've been down and I've had quite a time
