

Orange Airplane

Screaming Trees

Can't take a train you know they move too slow
Got to take to the airport where I want to go
Heart beating like a million miles an hour
Listening the wind is turning sweet to sour

Orange airplane
Take me to a new day
Little orange airplane
Take me to a new day

I land downtown in the middle of the day
I'm coming down hard so get out of the way
Looking up to heaven trying to find a clue
Said I'm too far gone, got to pay my dues on

An orange airplane
Take me to a new day
Come on
Little orange airplane
Take me to a new day

I'll be heading into orbit on a Sunday morning
My legs are broken and my ears are ringing
Orange airplane takes me to my home
Take me to the graveyard and bury my bones on

An orange airplane
Take me to a new day
Come on
Little orange airplane
Take me to a new day

Take me far away
On an orange airplane
