

Cat-Like

Screeching Weasel

I am cat-like;
I can prowl and pounce all night.
I am cat-like;
I can climb to any height.
But when I finally reach the top and realize I can't get down,

I need some help; a little help!
I am cat-like; perfect vision- light or dark.
I am cat-like. I don't do tricks nor do I bark.
I have impeccable agility and balance.
I am independent but sometimes I need some help;
A little help!
