

I'm Gonna Strangle You

Screeching Weasel

What I want to say I'm gonna say to you
And what I want to do I'm gonna do to you
And if you should decide
That you don't like it, get out
When I want to talk I'll talk all over you
And when I want to walk I'll walk all over you
And if I have to drag you
Kicking and screaming, I will
What I want to do
I'm gonna strangle you tonight
