

## I, Robot

Screeching Weasel

I am a robot  
I might be paranoid  
But I'm a living breathing humanoid  
I am a rhombus  
I plod around like dough  
And I'm secure in everything I know  
Am I American  
Blue metal under skin  
No I'm not human  
I am a robot  
I never have a doubt  
I live inside a circle and I can't get out  
I am mechanical  
I don't question anything  
My TV logic solves all my problems for me  
Am I American  
Am I a Gilligan  
No I'm not human
