

Like A Parasite

Screeching Weasel

Like a parasite
I want to crawl all over you
like a parasite
think of all the cool things we could do
like a parasite
I want to crawl all over you
like a parasite
I want to lick you head to toe
like a parasite
come now it's only me and you
like a parasite
I want to crawl all over you
I can tell by the way you are looking at me
we'll be together tonight
like a parasite
like a leech
like a parasite
I want to be your Siamese twin
like a parasite
I'll worm inside you
underneath your skin
like a parasite
I want to crawl on you again
like a parasite
I want to lick you head to toe
like a parasite
let's hang out it's only me and you
like a parasite
I want to crawl all over you
like a germ or a virus
we can stay up sweating and rolling all night
like a parasite
like a leech
