

## Molecule

Screeching Weasel

My room's the universe.  
I lay here on the floor and look up at the stars  
And my mind is fine for a little while.  
My room's the universe.  
I sit and play guitar and my gut isn't hurting now.

I lay down.  
I breathe in and out;  
In and out for a little while.  
My room's the universe and I'm a molecule.  
A simple molecule.  
My room's the universe and I am dust.
