

Beneath the Living

Scum of the Earth

Hate! Go!

Haunted by hatred {Haunted by hatred}

Hating ever

I will I will get you

I will I will bury you

So I put you in your place

Down down

Beneath the living

Down down

Beneath the living

Hate! Go!

Haunted by hatred

Never again

Nothing ever

I will I will hate you

I will I will bury you

So I put you in your place

Down down

Beneath the living

Down down

Beneath the living

Never again...nothing ever
