

## Turn the Dirt Over

Sea Wolf

Come closer to the window-frame  
Window to the dark and the field of snow  
I saw you running like summer-flame  
Running through the grass  
Turning gold to black

Oh, turn the dirt over  
If you want to grow back  
Oh! open up the shutters  
See the moonlight on  
The snow  
On the snow

You left your brother in a northern town  
Took the ferry o'er the water on the bay  
His body covered by the colors going down  
A statue in the square before the wind could change

Oh, turn the water over  
If you want to flow down  
Oh! open up the shutters  
See the falling snow  
The falling snow

Come softly to the window frame  
Window through the dark and the fields of snow  
I saw you running like a summer-flame  
Running through the grass  
Turning gold to black

Oh, turn the dirt over  
If you want to grow back  
Oh, open up the shutters  
See the moonlight on  
The snow  
See the moonlight on  
The snow  
On the snow
