

Lion Face Boy

Seabear

They hate us and we hate them
Trying to find my way again
Cut a hole in the night

I can't live in a burnt down house
Afraid of being found out
Burn the hair off your face

Now that I watch from a smaller hole
You couldn't see what you didn't know
A lion in his name

Behind fake bars at the age of four
The fear in their eyes
It's what they, what they paid for

Lion face boy
Don't you waste your time?
Searching for a home

Sleep on the floor everyday,
wake at night as more frightened eyes,
chase away sleep.

Tomorrow another place
But the same day
Again and again

Lion face boy
Don't you waste your time
Searching for a home
