

Don't Change A Thing

Seabird

Waking up before the sun came up,
Was a fight that I would lose.(
To fall in love without a heart must be
The hardest part for you.

If I could change anything,
I'd change everything but you.(
Please promise me
You won't change a thing.

Lay me down before this flame goes out
And darkness fills the room.
(Won't make a sound with little ears a round
And love begins to bloom.

If I could change anything,
I'd change everything but you.
(Please promise me,
You won't change a thing.

Even if we fail tonight,
I know, I know, I know we did what's right.
If they want a fight, I say I'd like to see them try,
(Yes I'd like to see them try.

If I could change anything,
I'd change everything but you.(
Please promise me
You won't change a thing.
