

Let Me Go On

Seabird

We used up all we had
Deviated from the plan
And things weren't working out as we all hoped
The timing was right
But it all ended with a fight
The band wanted out and so did I

Just let me go on
Just give me one more song
If it sucks we all go home
If not we sing along

We went our separate ways
And didn't see each other for days
It was clear that this just wasn't meant to be
Started out as friends
And jealousy started to sink in
And now we know why they call it the bitter end

Just let me go on
Just give me one more song
If it sucks we all go home
If not we sing along
Just give me one more night
I swear I'll make it right
If it hurts we all go home
If not we get along
Let me go on and on and on and on
Let me go on and on and on and on
Let me go on and on and on and on, yeah
Let me go on and on and on and on

Just give me one more night
I swear I'll make it right
If it hurts we all go home
If not we get along
I won't take this lyin' down
Gotta get you outta this town
If it hurts we all go home
If not we get along

La da da, la da da
La da da, la da da
La da da, la da da
La da da, la da da
La da da, la da da
La da da, la da da
La da da
Let me go on and on and on and on
Let me go on and on and on and on
Let me go on and on and on and on, yeah
Let me go on and on and on and on
