

Traitor

Seabound

Back-stabbing shammer
You took me by surprise
You fooled me twice

Blank-faced scammer
Choke on your lies
I phantasize
I realize...

I hate you

Traitor

Here's to friends
Allies in the game
You're all the same

Well laid plans
Toxin in my heart
Tear me apart

I hate you

Traitor

Scum, vassal, Trojan whore
You can't reach me anymore
Scum, vassal, Trojan whore
You can't hurt me anymore
