

Wake up, wake up
You cannot stay
We have just removed an A-Port
From your brain
All these years
A string of lies
A perfect blue print
Open your eyes

You are no scientist
You're not an amorist

Those lifelines don't exist
Welcome to square zero

You're no protagonist
You are no gentleman

(Don't) Recite your name again
Welcome to square zero

Get up, get up
It's time to go
You will soon feel somewhat better
Take it slow
Don't be embarrassed
That's O.K.
And for the record
It's a beautiful day

You are no scientist
You're not an amorist

Those lifelines don't exist
Welcome to square zero

You're no protagonist
You are no gentleman

(Don't) Recite that name again
Welcome to square zero
