

# Out Of Nowhere

Seafret

You opened up the door,  
I crashed into the wall,  
Didn't touch them, breaks it all,  
Never wanted something more.

I started looking back,  
Life is like a racing track.  
This moment then so fast,  
let's make the moment last.

Time moved on been nothing change,  
Different roads but we stayed the same.  
Found the life that never fade.  
You gave me hope on the darkest days.

Oh, you came out of nowhere,  
There's nothing I can do, ooh  
We've reached it, we got here,  
Crossing roads until it showed.  
Breaking all the rules to know,  
Ah, you came out of nowhere.

Now I just can't turn away,  
Feelings don't hesitate,  
I'll be crushed under the weight.  
If that's the price, I'll pay.

I'd offer all 'em all,  
Love holds an open door,  
inside the worlds on pause  
What are you waiting for?!

Time moved on been nothing change,  
Different roads but we stayed the same.  
Found the life that never fade,  
You gave me hope on the darkest days.

Oh, You came out of nowhere,  
There's nothing I can do,  
We've reached it we got here.  
Crossing roads until it showed,  
Breaking all the rules to know.  
Oh, You came out of nowhere.  
Oh, You came out of nowhere.
