

Do You Ever

Seal

She don't get it, he just let it slip away
'Cause all they've been doing
Is losing at night and day
Breaking up is harder
When you have a higher price to pay
Now she takes a lover
So that she can hire the pain.

Do you ever forget my name?
Do you ever recall our love again?
Do you find every night when in bed?
You'd be someone and your laugh is not the same
When you're there with him
I'm just wondering
Do you ever forget my name?

All these chains, he now faces reality
One night lovers, such a big space to fill
But now would he wonders if it's small time they kill

Do you ever forget my name?
Do you ever recall our love again?
Do you find every night when in bed?
You'd be someone and your laugh is not the same.

It's gonna take some time, ey
We've got to know that what we did is real
I'm aware this time gonna pick all I could be
Sow, we might all reaping is real,
It's real

I took your heart, you took my care
Now you talk, but I'm not here
I wish you well
Once and for all, I just hope he's there
To catch you if you fall, uh
That's all, just let go ways

Do you ever forget my name?
Do you ever forget my name?
Do you ever forget my name?

In the middle of the masquerade there's a town to see
Everybody's laughing
Where's the ??? upside down, so he could save the tears
For when he cries himself to sleep
