

# Don't Make Me Wait

Seal

Are we tired of feeling blue  
Cannot get along with you  
Just don't tell me it's right  
Every time we fuss and fight  
Yea what I'm really trying to say  
Is I won't be afraid, yea  
If you say you're willing too  
Close your eyes and maybe... maybe see it through

But don't make me wait long  
Sounds like a sad song of mine  
Every time we meet baby on the street there we go  
Always seem to fight why we do I'll never know that  
All I can take  
'Cause you ain't easy  
Some can't relate, hell, well that's life  
We get back together, every time

It amazes me to say, yea  
I've been so trying to find my way, yea, yea,  
Closer to you  
To love divine is what I'm... I'm gonna do  
Yea, What I'm really trying to say yea  
Is love won't deny me, cause everyday is like a new day again,  
yea, my friend  
Lovin' till the end yah yea yea yea'.

But don't make me wait long  
Sounds like a sad song of mine  
Every time we meet baby on the street there we go  
Always seem to fight why we do I'll never know that  
All I can take  
'Cause you ain't easy  
Some can't relate

Well that's life  
[So I dream of  
and dream of  
and dream of]

Hell baby that's life  
[And dream of your life  
And dream of  
And that's how we make love]

Well that's life yes, yea  
[And we dream of  
and dream of  
and dream of]

Baby, baby, baby, baby  
[And dream through the night]  
When we kiss through all of this,  
I just can't wait to see you again

But don't make me wait long  
[Don't make me wait long]

Don't make me wait, wait, wait too long again  
Every time we meet baby on the street there we go  
Always seem to fight why we do, I'll never know that  
All I can take  
'Cause you ain't easy  
Some can't relate, hell  
Well that's life, we get back together, every time
