

# Life on the Dancefloor

Seal

My love  
You got me dreamin'  
When you're next to me  
And my love  
There's no place  
I would rather be  
You make everything right, babe I think  
You're the angel  
That I can be

You amaze me  
You complete me  
I can turn me on  
I can not be wrong

Hold on tight  
That I get it right  
When you take a night  
(For whatever it gives to me)  
Hold on tight  
Let it go allright  
But I'll get it right

Life on the dancefloor  
Here we go  
Once again  
Life on the dancefloor  
Here we go  
'Till the end  
Life on the dancefloor  
Here we go  
Once again  
Life...

My love  
Your body's screamin'  
I can hear my name  
I can hear my name  
I don't know what is doing to me  
It's kind of menthol  
Driving me insane  
Driving me insane

'Cause you amaze me  
You complete me  
I can turn me on  
Girl you turn me on

Whatever you're doing to me  
I hear my heart sing  
I can not be wrong  
I can not be wrong

Hold on tight  
But I'll get it right  
Let it take a night  
(For whatever it used to be)

Hold on tight  
Let it go all night  
I'll get it right

Life on the dancefloor  
Here we go  
Once again  
Life on the dancefloor  
Here we go  
'Till the end  
Life on the dancefloor  
Here we go  
Once again  
Life...

Come on baby I can understand  
I feel your heartbeat  
Let me be that man  
Let me be that man

Hold on tight  
I'll get it right  
Let it take a night  
(For whatever it used to be)  
Hold on tight  
Let it go all night  
I'll get it right  
Hold on tight  
I'll get it right  
Let it take a night  
(For whatever it used to be)  
Hold on tight  
Let it go all night  
And I'll get it right

Life on the dancefloor  
Here we go  
Once again  
Life on the dancefloor  
We'll be here  
'Till the end  
Wife on the dancefloor  
There she goes  
Once again  
Wife on the dancefloor  
There she goes  
There she goes...
