I feel like the sun, I feel like the rain I feel like I just found reason for living again 'Cause what I've been dreaming, I know that it's real I know there's just no changing the way I feel You're into my head I'm out of my mind I feel like I've just found reason for being alive And I have a secret I think you should know I feel like I just can't keep it It's deep within me And I feel like I'm losing control Can you see my vision Of a red hot summer in wine? When love was the feeling With no indecision We were turning that key inside To get in the moment We live in a dream, I see you today I feel like all my fears are fading away Been waiting so long for something new I feel like a constant craving for being with you And I have a secret I think you should know I feel like I just can't keep it It's deep within me And I know that I'm losing control... Can you see my vision Of a red hot summer in wine? When love was the feeling With no indecision We were turning that key inside To get in the moment Can you see my vision Of a red hot summer in wine? When love was the feeling, When love was the feeling When love was the feeling, When love was the feeling I have a secret, I think you should know I feel like I just can't keep it It's deep within me And it's deep within me

And it's deep within me

And I feel like I'm losing control

Can you see my vision
Of a red hot summer in wine?
When love was the feeling
With no indecision
We were turning that key inside
To get in the moment

Can you see my vision
Of a red hot summer in wine?
When love was the feeling,
When love was the feeling
When love was the feeling,
When love was the feeling.
