

# System

Seal

Someday, evermore  
Someday, evermore  
Someday, evermore  
Someday, evermore

Son, you better go for it  
Harmony  
Dissatisfaction  
In a pocket  
Full of lies  
Cause I guess that's what they want

Son, your father's known for it  
Misery  
Can you read my lips  
Cause this is my way of breaking ties  
Is it true that's what you want

We know this color coating can't be right  
When the only truth is that we don't sleep at night

Can it feel real

We're just trying to beat the system  
But it's hard from a distance  
We keep falling for the system  
So it's time for a new better way  
We're just trying to beat the system  
And it's time for a new better way

Lie  
Now your people need to get high  
Everybody needs a little sunshine

From a blood red sky  
Cause that's just what they want

We know this color coating can't be right  
When the only truth is that we don't sleep at night

Can it feel real

We're just trying to beat the system  
But it's hard from a distance  
We keep falling from the system  
So it's time for a new better way

We're just trying to beat the system  
But it's hard from a distance  
We keep falling from system  
So it's time for a new better way

We're just trying to be the system  
But it's hard from a distance  
We keep falling from the system  
So it's time for a new better way

Better way  
Better way  
Better way  
Better way

Someday, evermore  
Someday, evermore  
Someday, evermore  
Someday, evermore
