

When I Meet Them

Seals & Crofts

I want to see everybody singing, everybody laughing,
Everybody happy, everybody down home
When I meet them, when I meet them. Yeah, yeah yeah,
yeah.

I want to see everybody holding hands, everybody
groovin',
Every sun a-shinin', everybody down home
When I meet them, when I meet them. Yeah, yeah yeah,
yeah.

In this tiny little world, people's all we got.
Have we forgotten, have we forgotten how to love, how to
love?

I want to shake everybody's hand now, talk about the good
times,
Make each minute count and, love my brothers and sisters.
When I meet them, when I meet them. Yeah, yeah yeah,
yeah.
When I meet them, when I meet them. Yeah, yeah yeah,
yeah.
