Sean Kingston

Change, Change, Change,  
Change, Change, Change,

R: Oh I wish I had the power, the power to change the world  
But I'm just one man trying to do it on my own  
Oh I wish I had the power, the power to change the world  
But I'm just one man trying to do it on my own  
Can someone help me (change the world)?  
Can somebody help me (change the world)?

Everyday I see the youth, they're chilling on the corners  
Hustling crack and marijuana  
Because they don't have no guidance  
Nobody just be guiding, no

Hope to see black people living longer  
Also less kids without fathers  
We should all come together  
Please stop fighting and killing each other

It's what happens when you're living in the street life  
It's so dark and you don't get sunlight  
People're seeing why you don't get treated right  
But I'm gonna try to change it

R:

Many people're living off welfare  
Hoping things get better next year  
But I'm covered in tears  
So many sick without health care

Too many innocent people dyin'  
And I don't know why  
You gotta keep your eyes open even when you're rollin'  
As days go by

It's what happens when you're living in the street life  
It's so dark and you don't get sunlight  
People're seeing why you don't get treated right  
But I'm gonna try to change it

R:

Somebody, change the world  
We've got little boys and little girls  
Growing up on this sinful earth  
Oh what's happening?  
I don't know, but please tell me  
We've got all these criminals and discretos  
Killing people for no reason  
I don't know why

R:
