

Smoke Signals

Sean Kingston

When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
It's going down tonight Malibu '
It's going down tonight Malibu '
... then girl be on my way
Will live a sexy life
Well we set the place on fire
... it goes '
Tonight we go hoty
I see more explosions then '
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
Smokes and...
'
We can drink '
... and how much it's been '
'
It's go often '
... it goes '
Tonight we go hoty
I see more explosions then '
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
... in the sky'and we burn it
... in the sky'and we burn it
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
... in the sky'and we burn it
... in the sky'and we burn it
When the Sun goes down get up on the floor
What we like 'all we see it's'
... in the sky'and we burn it
