

# Spaceship

Sean Lennon

I step into my spaceship  
I'm on my way home  
I hope that I will make it  
But there's no way of knowing  
The world is far behind me  
I look into the sun

I know it's all because of you  
Help me find the way to get home

And now my eyes have opened  
I watch the stars glow  
The sky is like an ocean  
I'm floating alone  
I know that I will make it  
I look into your eyes

I know it's all because of you  
Help me find the way to get home
