

# Take It Low

Sean Paul

When dey spin up di place we a turn it up  
Eye red, now you feel so you burn it up  
And a sit by di kids, we a surf it up  
We a stick to di peace, now swerving up  
Too late to dem keep hatin us  
Can't nothing dem a do, ain't phasin us  
From the side them been underrating us  
But the girl that see some great in us

Aye, let's have it lovely like that you see?  
Love the girl pretty, you can reach underneath  
Sucka think dem a get to me  
Dem a get fi greedy with the lovin on it  
All week we await fi dweet  
All week we await fi di beat  
It's weekend now so we can go get it on and move at full speed

Aye baby girl I wanna see you drop it low  
Up up and down just like a stripper on a pole  
Girl girl shake it up  
Too much cone, just drink it up  
Gyal make it like we a fuck  
Aye girl just take it low

Take it low, take it low  
Take it low, take it low  
Take it low, take it low  
Take it low

On di area live we a cruise  
Comin through, steady waitin for a chance  
I love di gyal dem a blues  
And I tell dem confuse  
Lose that man when I'm swerving out the club  
What di gyal I'mma do  
Into di club, mash up the club  
Out of the club, back to the yacht  
That's how we do, me and di crew  
My girl, take it all

Aye, let's have it lovely like that you see?  
Love the girl pretty, you can reach underneath  
Sucka think dem a get to me  
Dem a get fi greedy with the lovin on it  
All week we await fi dweet  
All week we await fi di beat  
It's weekend now so we can go get it on and move at full speed

Aye baby girl I wanna see you drop it low  
Up up and down just like a stripper on a pole  
Girl girl shake it up  
Too much cone, just drink it up  
Gyal make it like we a fuck  
Aye girl just take it low

Take it low

Back so sweet  
Move yo body at full speed  
Drop it low, drop it like full speed  
Go go go at full speed  
Move yo body at full speed  
Drop it low, drop it like full speed  
Move yo body at full speed  
Move yo body at full speed

Oh oh
