

Holy Smokes

Seasick Mama

I quit these cigarettes cause daddy said they might make me sick
k
Might make me sick
I got to relax the tension has me rolling my eyes
Might make me sick
You're playing small now another night just sitting it out

Just admit it
Cause baby I know you liked it
Just admit it
Cause baby I know you felt it too
And its seems like, it seems like no one's home
And it feels like, it feels like you're almost grown

Am I just hanging out with ya or is this just holding hands
Let me paint a picture for ya
Me waking up in your bed
Am I just hanging out with ya or is this just holding hands
Let me paint a picture for ya
Me waking up in your bed
Me waking up in your bed
Me waking up in your ooh ooh ooh

I quit these cigarettes cause daddy said they might make me sick
k
Might make me sick

Just admit it
Cause baby I know you liked it
Just admit it
Cause baby I know you felt it too
And its seems like, it seems like no one's home
And it feels like, it feels like you're almost grown

Am I just hanging out with ya or is this just holding hands
Let me paint a picture for ya
Me waking up in your bed
