

# Man Overboard

Seasick Mama

Told myself go somewhere far  
Where no one will see us  
Don't sleep up we can't take it too far  
You can tell her it's nothing between us

You made it crystal clear  
That you are too scared to make waist

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Don't settle this easy if you're not happy  
Break out the storm and pull it down

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard  
There's a man overboard

Gave my love to a sad man  
He made me wait  
Made me wait  
Keep your options open  
Hand in hand with a mad man  
Oh what would it take  
Will you know whose heart goes broken?

You made it crystal clear  
That you are too scared to make waist

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Don't settle this easy if you're not happy  
Break out the storm and pull it down

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard  
There's a man overboard

You made it crystal clear  
Now it's crystal  
You made it crystal clear  
That you are too scared to make waist

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Don't settle this easy if you're not happy  
Break out the storm and pull it down

Dirty water will exhaust you  
And it does  
You'll burn out fast  
Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard  
There's a man overboard

Don't settle this easy if you're not happy  
Break out the storm and pull it down

Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard  
There's a man overboard

Don't settle this easy if you're not happy  
Break out the storm and pull it down  
Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard  
There's a man overboard  
Don't settle this easy if you're not happy  
Break out the storm and pull it down  
Start swimming ...  
Cause if you're waiting  
Calling SOS man overboard
