

# Shy Guys

Seaway

I know you feel it too  
I think tonight's the night  
that I'll get up and talk to you  
but I'll just fumble my words  
and spit out something stupid

but you're worth it,  
and you know that.  
If I could just regress the doubt in my mind,  
I know things would be different.  
I know we could be different.

I know I'm still the shy guy  
and you're on top of your game  
but if I can finally win,  
and reel you in  
oh we can be one in the same.

Intuition  
tells me to leave it be  
but your confidence  
has resonated with me  
it's time to break down the walls  
and forget what consumed me.

If only you knew me,  
we could sing each other a song  
and listen to --- at the break of dawn  
and I know that  
things would be different.

I know I'm still the shy guy  
and you're on top of your game  
but if I can finally win,  
and reel you in  
oh we could be one in the same

This one goes out to the shy guys  
who always wanted to dance  
this one goes out to the shy guys  
go on and give me a chance

I know I'm still the shy guy  
and you're on top of your game  
but I can finally win  
and reel you in,  
oh we could be , one in the same.
