

# Your Best Friend

Seaway

Are you aware we're the last ones left at Jamie's?  
I guess she's calling it early tonight  
Cause no-one was even wasted, but you drowned yourself out alright  
I hate when you whisper to me that you think  
You should be the one who could be taking me home  
Cause you got problems and I've never asked to solve them

So don't, don't be a stranger  
But don't get too close

I've told you one too many times  
You can't have it all  
I've told myself so many times  
We can't have it all

And it breaks my heart to tell you but I gotta play this right  
Yeah, I gotta play this right  
Cause your best friend's my girlfriend  
Don't you go crying now, cuz your best friend's my girlfriend  
Don't you go crying now, cuz your best friend's my girlfriend

I've told you one too many times  
You can't have it all  
I've told myself so many times  
We can't have it all

And it breaks my heart to tell you but I gotta play this right  
Yeah, I gotta play this right  
Cause your best friend's my girlfriend  
Don't you go crying now, cuz your best friend's my girlfriend  
Don't you go crying now, cuz your best friend's my girlfriend

We had our chance then back in 20-10  
But I just didn't fit the part  
I bet you wish I had

Don't you go crying now (cuz your best friend's my girlfriend)  
Don't you go crying now.

And it breaks my heart to tell you

Don't you go crying now (cuz your best friend's my girlfriend)  
Don't you go crying now (cuz your best friend's my girlfriend)

We had our chance then back in 20-10  
But I just didn't fit the part  
I bet you wish I had  
We had our chance then back in 20-10  
But I just didn't fit the part  
I kinda wished I had
