

Broken

Sebadoh

You've been broken for a long time
Swallowing what you deserve
You think you're dirt, so it's dirt you suck
I can't help
Everyone is really hung up
On who or what they want to fuck
Sex is power for the moment
Suck and burn your worthless need
Shaft you move the in and out like dreamin'
Body hears and words that don't mean shit
Holy Communion is friction to scrape your soul
Give and take; so real, but not quite whole
But almost, so do it again
You've been broken for a long time
Swallowing what you deserve
