

## Mean Distance

Sebadoh

Alive with the magic, I know it's a crime  
Stirring in the ocean of my mind  
Below the surface a presence remains  
Subjective indecision, signs I'm deranged

Psychokinesis, through all it isn't mine  
Designed to a degree, I welcome the life  
Be aware I'm a weary wreck,  
So wrap your hands around my neck.

Half-crazed elf friend given an escape  
The band's so misgiving, I call it a mistake

Dreaming of a goddess I admire and trust  
Deal with my neuroses and satisfy my lust  
Dreaming of a goddess I admire and trust  
Deal with my neuroses and satisfy my lust

Alive with the magic, I know it's a crime  
Stirring in the ocean of my mind  
Psychokinesis through all it isn't mine  
Designed to a degree, I welcome the life
