

# Had Enough

Sebastian Bach

Got no more feelin'  
I'm done with dreamin'  
Giving you all that I have  
Taken for granted  
I'll take no chances  
Doing the best that I can

When you see her  
Call my name  
Don't you tell her  
this love's in vain

And if you've had enough  
I'll stand here waiting  
No hesitating  
And if your out of love  
I'll be staying, I'll still be waiting

Your outta patience  
I'm outta pride  
How did it come to this?  
I got no excuses  
I got nowhere to hide  
I live and I die for your kiss

When you see her  
Remember this  
Never tell her  
That she wasn't meant for this

And if you've had enough  
I'll stand here waiting  
No hesitating  
And if your out of love  
I'll be staying, I'll still be waiting

Never be no more yesterdays  
I can't be there for yesterday

And if you've had enough  
I'll stand here waiting  
No hesitating  
And if your out of love  
I'll be staying, I'll still be waiting

And if you haven't had enough  
I'll be staying  
And I'll still be waiting  
I'll be here waiting for you  
Woah
