

# Hell Inside My Head

Sebastian Bach

Hell  
Inside my head  
I'm on the run  
Into the neon darkness  
Run  
I'm on the run  
Inside my head  
Runnin' from love & madness

Destiny has put me to the test  
Like kerosene, I'll set fire to the blackness

I'm on my way  
Until you're bleedin'  
Naked, screamin'  
Another day  
I'm realizin'  
This is my time of rising

Why? Why me, not him?  
I can't get out  
I am a slave to your system  
Life. I'm outta life  
Wasting my time  
Taking back all I've given

Can't you see she is hard to possess?  
Hard to please, she's a disappearing mistress

Call on me  
When you need a heart to break  
Don't make me  
Tell you why I can't escape  
Love is just a dream

I'm on my way  
Until you're bleedin'  
Naked, screamin'  
Another day  
I'm realizin'  
This is my time of rising

I'm on my way  
Finding freedom  
Has left me bleedin'  
Another day  
Until it's over  
I feel it getting closer
