

# TunnelVision

Sebastian Bach

Who are you to tell me where I been?  
I'm stayin' underground, not comin' up again  
Tell me why I gotta start and when  
I swallow my pride and I let it begin  
Even though I've known you for so long  
It feels like the first time, first time I met you again  
I can't live a lie or fantasize on  
Who you think I am  
Look at me and you reminisce  
You're lookin' back in time, think about what you miss  
You can't hear a single word I say  
If it don't sound the same as yesterday  
Even though I've known you for so long  
It feels like the first time, first time I met you again  
Facing indecision, tunnelvision  
Won't get in my way, no, oh, no  
Feels like I'm startin' over  
One less boulder, one step closer away  
Seein' tunnelvision, indecision  
Don't get in my way  
Even though I've known you for so long  
It feels like the first time, first time I met you again  
Can't live a life for you to cling onto  
I must be who I am, who I am
