

Look

Sébastien Tellier

Details of your look, like your touch
Killing me by shoot, just in once
Let me lick it, jewel, with your cries
Since days of school, you and I

You're on my way...

You did the hook, you did right
Shiny as a jewel, with your tie oh see
Just take a look
In my hands, see darling the moon and the sand

You're on my way...
Just let me play... Oh oh
Just let me play... Oh oh

Details of your look, like your tights
Killing me by shoot, just in once
Let me lick it, jewel, with your cries
Since days of school, you and I

You're on my way...
Just let me play... Oh oh
Just let me play... Oh oh
