

## Musée du Satan Rouge

Sebastien

Same old dragon story of desire  
Scalet statue of the King  
Born again of water, blood and fire  
Satan's picture on a ring

Won't you to come...out of veil...won't you to show me stormy e  
yes  
Won't you to be...Killer God...and your look is cold as ice  
Comin' out of nowhere angelic sound  
And your bloody traces yet to be found

Musée du Satan Rouge

Branches of the ancient oaks are smiling  
Gesture of the irony  
All the thrash'n'treasure slowly piling  
In your festing' harmony

Won't you to come...out of veil...won't you to show me stormy e  
yes  
Won't you to be...Killer God...and your look is cold as ice  
Comin' out of nowhere angelic sound  
And your bloody traces yet to be found

Musée du Satan Rouge!

Won't you to come...
