

Voices In Your Heart

Sebastien

I'm not a stranger if you see me
For what I feel so bad
When distant voices start to screaming
Like frenzy crying in my head

The icy fingers cold an' freezy
You know it what I mean
The shadows chasin' me so sleazy
I gotta go to where I've been

... and as the time is passing by
Brilliant mystery is raisin' high ... ready to fly ... to sky .
..

I've found you in the eyes of freedom
reachin' black'n'blue
Two letters writen here - so read 'em
Unholy growing deep in you

... and as the time is passing by
Brilliant mystery is raisin' high ... ready to fly ... to sky .
..

The time is passing by
Brilliant mystery is raisin' high ... ready to fly ... to sky .
..

She comes in neverending cry
Just two hearts in harmony ... every beat ... dyin' for you an'
me
