

Heart Stops (By the Way)

Secondhand Serenade

It seems just like yesterday
That you were begging me to stay
I thought I knew what I wanted
Should have known it was you

Life's been pretty good these days
I've learned to live with your mistakes
I always knew what I wanted
All I wanted was you

It's good to hear your voice
And by the way

I can't get you out of my head
Still sleeping on my side of this bed
And I can't shake this feeling
It won't stop till my heart stops beating

The fall came way too fast this year
And it's way too cold without you here
I wish you knew what you wanted
When you didn't want me

I've been on the road for the past two months
Thinking about you just a little too much
Now I know what I want
And all I want is you

I can't get you out of my head
Still sleeping on my side of this bed
And I could shake this feeling
It won't stop till my heart stops beating

I take back all those things I said
If you mean it then we'll drop it
And we'll look ahead
Let's get back to that old feeling
And don't stop till our hearts stop

Take me over
Hold me, I'm yours
What are we waiting for?
Can we just let go?
Let's let go

Let's not shake this feeling
And don't stop
Don't stop

I can't get you out of my head
Still sleeping on my side of this bed
And I can't shake this feeling
It won't stop till my heart stops beating

I take back all those things I said
If you mean it then we'll drop it
And we'll look ahead

Let's get back to that old feeling
And don't stop till our hearts stop
