

## Let It Roll

### Secondhand Serenade

The night smells like December  
And we're deep undercover  
Staking out  
What could be better than all the money in the world

And I'm watching you and I'm waiting  
For the perfect time to start participating  
And you signal me to stay  
But i open my mouth any way

And now it's over, we're goners  
It's out of our control  
And if there's one thing that I know  
It's that it's best to let it roll  
So let's just let it roll  
Let's just let it roll

Your hazel eyes paralyze my senses  
Cut me down to size defenseless  
I am defenseless  
And I know it's late but I am waiting  
For the moment that I've been anticipating  
And I signal you to go  
Where it will take us, I don't know  
And now it's over, we're goners  
It's out of our control  
And if there's one thing that I know  
It's that it's best to let it roll  
So let's just let it roll  
Let's just let it roll

Just don't waste your night before it started  
Make sure I'm worth every single second, yeah

And now it's over, we're goners  
It's out of our control  
And if there's one thing that I know  
It's that it's best to let it roll  
So let's just let it roll  
Let's just let it roll

And now it's over, we're goners  
It's out of our control  
And if there's one thing that I know  
It's that it's best to let it roll  
So let's just let it roll  
Let's just let it roll
