

## Our Time

## Secondhand Serenade

Long road,  
Of premature decisions leaving me  
Cold, with only good intentions  
But it's you who takes my pain away  
You know it's you who keeps me wide awake  
You know it's you...it's you

This is our time to run away  
It's our time we don't have to stay here  
'Cause all the things that I never knew  
That I wanted, are here with you  
This is our time, to forget the past  
It's our time we can make it last  
'Cause all the things that I never knew  
That I wanted, are here with you

Long day,  
Stopping me from saying what I want to say  
I wish I could do better  
But it's you who knows just what I mean  
You know it's you who sees what can't be seen  
You know it's you...it's you

This is our time to run away  
It's our time we don't have to stay here  
'Cause all the things that I never knew  
That I wanted, are here with you  
This is our time, to forget the past  
It's our time we can make it last  
'Cause all the things that I never knew  
That I wanted, are here with you

This is the day we give our own lives away  
And we won't do what they say anymore  
We won't walk but we'll run  
Until all freedom we've won  
And we will know what this fight was for

This is our time to run away  
It's our time we don't have to stay here  
'Cause all the things that I never knew  
That I wanted, are here with you  
This is our time, to forget the past  
It's our time we can make it last  
'Cause all the things that I never knew  
That I wanted, are here with you

Our time to run away  
It's our time we don't have to stay here  
'Cause all the things that I never knew  
That I wanted, are here with you  
Our time, to forget the past  
It's our time we can make it last  
'Cause all the things that I never knew  
That I wanted, are here with you
